The annual drive for the sale of Red Cross seals begins today and the children are busy soliciting for the cause. Outside of the hospital ward for the army and navy, there is no more commendable cause before the American people today than the special work to which the sales from the Red Cross seals is devoted, the gradual elimination of the white scourge, tuberculosis. Notwithstanding the numerous calls upon the residents of Bennington because of the war, there should be the same ready response that has characterized the Red Cross seal sale here in previous years.

FIGHTING FOR HAPPINESS.

When you get into a frame of mind that makes life seem one tiresome duty after another, with no pleasure in it; when all health seems to take all the joy out of life and you worry over things that are really not worth worrying about, then your nervous system is becoming exhausted and you are approaching neurasthenia.

Your happiness is worth fighting for and red blood is your best ally. It is a hopeless task to try to restore your health while your blood is deficient in quantity or quality.

To build up the blood there is one remedy that has been a household word for a generation, Dr. Williams' Pink Pills for Pale People. They tone up the entire system, make the blood rich and red, strengthen the nerves, increase the appetite, put color in the cheeks and lips and drive away that unnatural tired feeling.

The Dr. Williams' Medicine Co., Schenectady, N. Y., has published a free book on nervous disorders that contains a chapter on neurasthenia, in which the symptoms are fully described and the correct treatment given.

Dr. Williams' Pink Pills are sold by your own druggist or will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50.
